*"These are the times that
try men's souls."*

*T*HE YEAR 1943 sees a nation at war. The impact of the world struggle has been felt at home and abroad. Men and women are being called to the service of our country. On foreign fields of battle, American boys are giving their lives to preserve those rights which are so important to our democracy: the rights to LIFE, LIBERTY, and THE PURSUIT OF HAPPINESS.

*O*N THE home front, the people find that they must give up many of their pleasures and luxuries. Life is gradually being shorn of its non-essentials. People are asked to give to scrap drives, the Red Cross, U.S.O., China and Greek Relief. All are urged to buy War Bonds. Taxes are higher than would have been dreamed of in former years.

WHEN THE Oak Park-River Forest student comes into high school, he sees that the school also is war-conscious. In the halls and rooms, war posters hang; the sound of military drill echoes through the fieldhouse; aviation maps and plane models lie spread on laboratory tables. At night the facilities of the school are used by the University of Illinois and the Illinois Board of Vocational Education in training men and women for war industries.

IN SPITE of a world at war, our school presents a normal appearance. The basic purpose is still to give the student a well-rounded education. Thus on the following pages you will find the record of the events of an unusual year, a year, however, which has maintained the usual activities.

“We hold these truths to be self-evident.”

JUST as we are constantly reminded of the principles for which our forces are fighting, so are we impelled to evaluate certain principles of our school life.

THEREFORE, we hereby affirm these, our rights:

THE RIGHT TO AN EDUCATION

In recognition of the privilege of an education, we acknowledge the obligation to use this education in making a better world.

THE RIGHT TO PHYSICAL FITNESS

In response to the opportunity for acquiring and maintaining physical fitness, we strive to uphold the ideal of fair play.

THE RIGHT TO SELF-EXPRESSION

In return for freedom to express our opinions, we devote our time to becoming responsible members of a democratic society.

THE RIGHT TO INDIVIDUAL INTERESTS

In claiming the right to the pursuit of personal enjoyment, we promise to respect the interest of others.

THIS is our declaration of rights.

THE RIGHT TO AN EDUCATION

THE RIGHT TO PHYSICAL FITNESS

THE RIGHT TO SELF-EXPRESSION

THE RIGHT TO INDIVIDUAL INTERESTS

To Miss Helen Turner

who, as a member of the Science Department, has made biology

and physical geography especially interesting to her students -

who for five years has capably directed the staff of the senior annual—

who has been a pioneer in the field of high school aviation—

who has charmed with her wit, encouraged, and instructed her students

and her successive staffs,

are proud to dedicate the Tabula*

Superintendent

Dr. Eugene Youngert has been an amiable guide to the entire student body and faculty during the past two years. His kindness and his sincerity, his smile and his ever-present wit have made him a good friend and a valuable adviser. We seniors will always remember his interest in us, and consider ourselves fortunate to have been under his able administration.

The Deans

help the new students to adjust themselves to a different school environment, guide the activities of individual students, and help them plan their careers in college or in the business world.

Grace Bennett Dean of Senior Girls

Arthur G. Bobbitt Dean of Senior Boys

Bernice Hartmann Dean of Junior Girls

Harold H. Metcalf Dean of Junior Boys

Lura Blackburn Dean of Sophomore Girls

Edward L. O'Brien Dean of Sophomore Boys

Ada L. Weckel Dean of Freshman Girls

R. N. Ketcham Dean of Freshman Boys

The Business Administrator

handles the finances of the high school and through his careful management keeps the school running smoothly.

The Placement Director

helps students and former students to choose occupations and find satisfactory jobs. This year he has also directed the night school sponsored by the University of Illinois.

In Memoriam

We mourn the loss of one of our most beloved leaders, Miss Emily Roxana Orcutt, teacher of English and dean of junior girls, who died on September 24. Miss Orcutt's warm and understanding personality was a loss not only to the junior girls, whose dean she had been for four years, but to all her friends among students, teachers, and townspeople.

For ten years as a member of the English Department, Miss Orcutt extended her warm and understanding personality in the classroom. Her subsequent position of dean was a tribute to her ability.

But mere words can never do justice to the memory of our Miss Orcutt. It can only be hoped that through them we may show our appreciation of a great friend and woman.

Juniors Class of '44

Deviating from the usual custom of electing officers and Junior Council in the middle of the year, the Class of '44 elected their officers at the beginning of the year and made a quick take-off. Their vigor gave to the activities they touched a certain smoothness and sparkle. Clubs, council and athletics were all helped by enthusiastic juniors.

During the past year the Junior Council with its thirty-four members has

cooperated on all the problems of the Student Council and particularly on the lunchroom problem. Juniors were partly responsible for the splendid work of the Conference Committees and they helped in the weekly edition of the Trapeze, and on the Junior Staff of the Tabula.

Another change in custom was the postponement of the date of the Junior Prom to May eighth. There will be, however, no break in the tradition of clever decoration, good music, and fun.

Class of '45

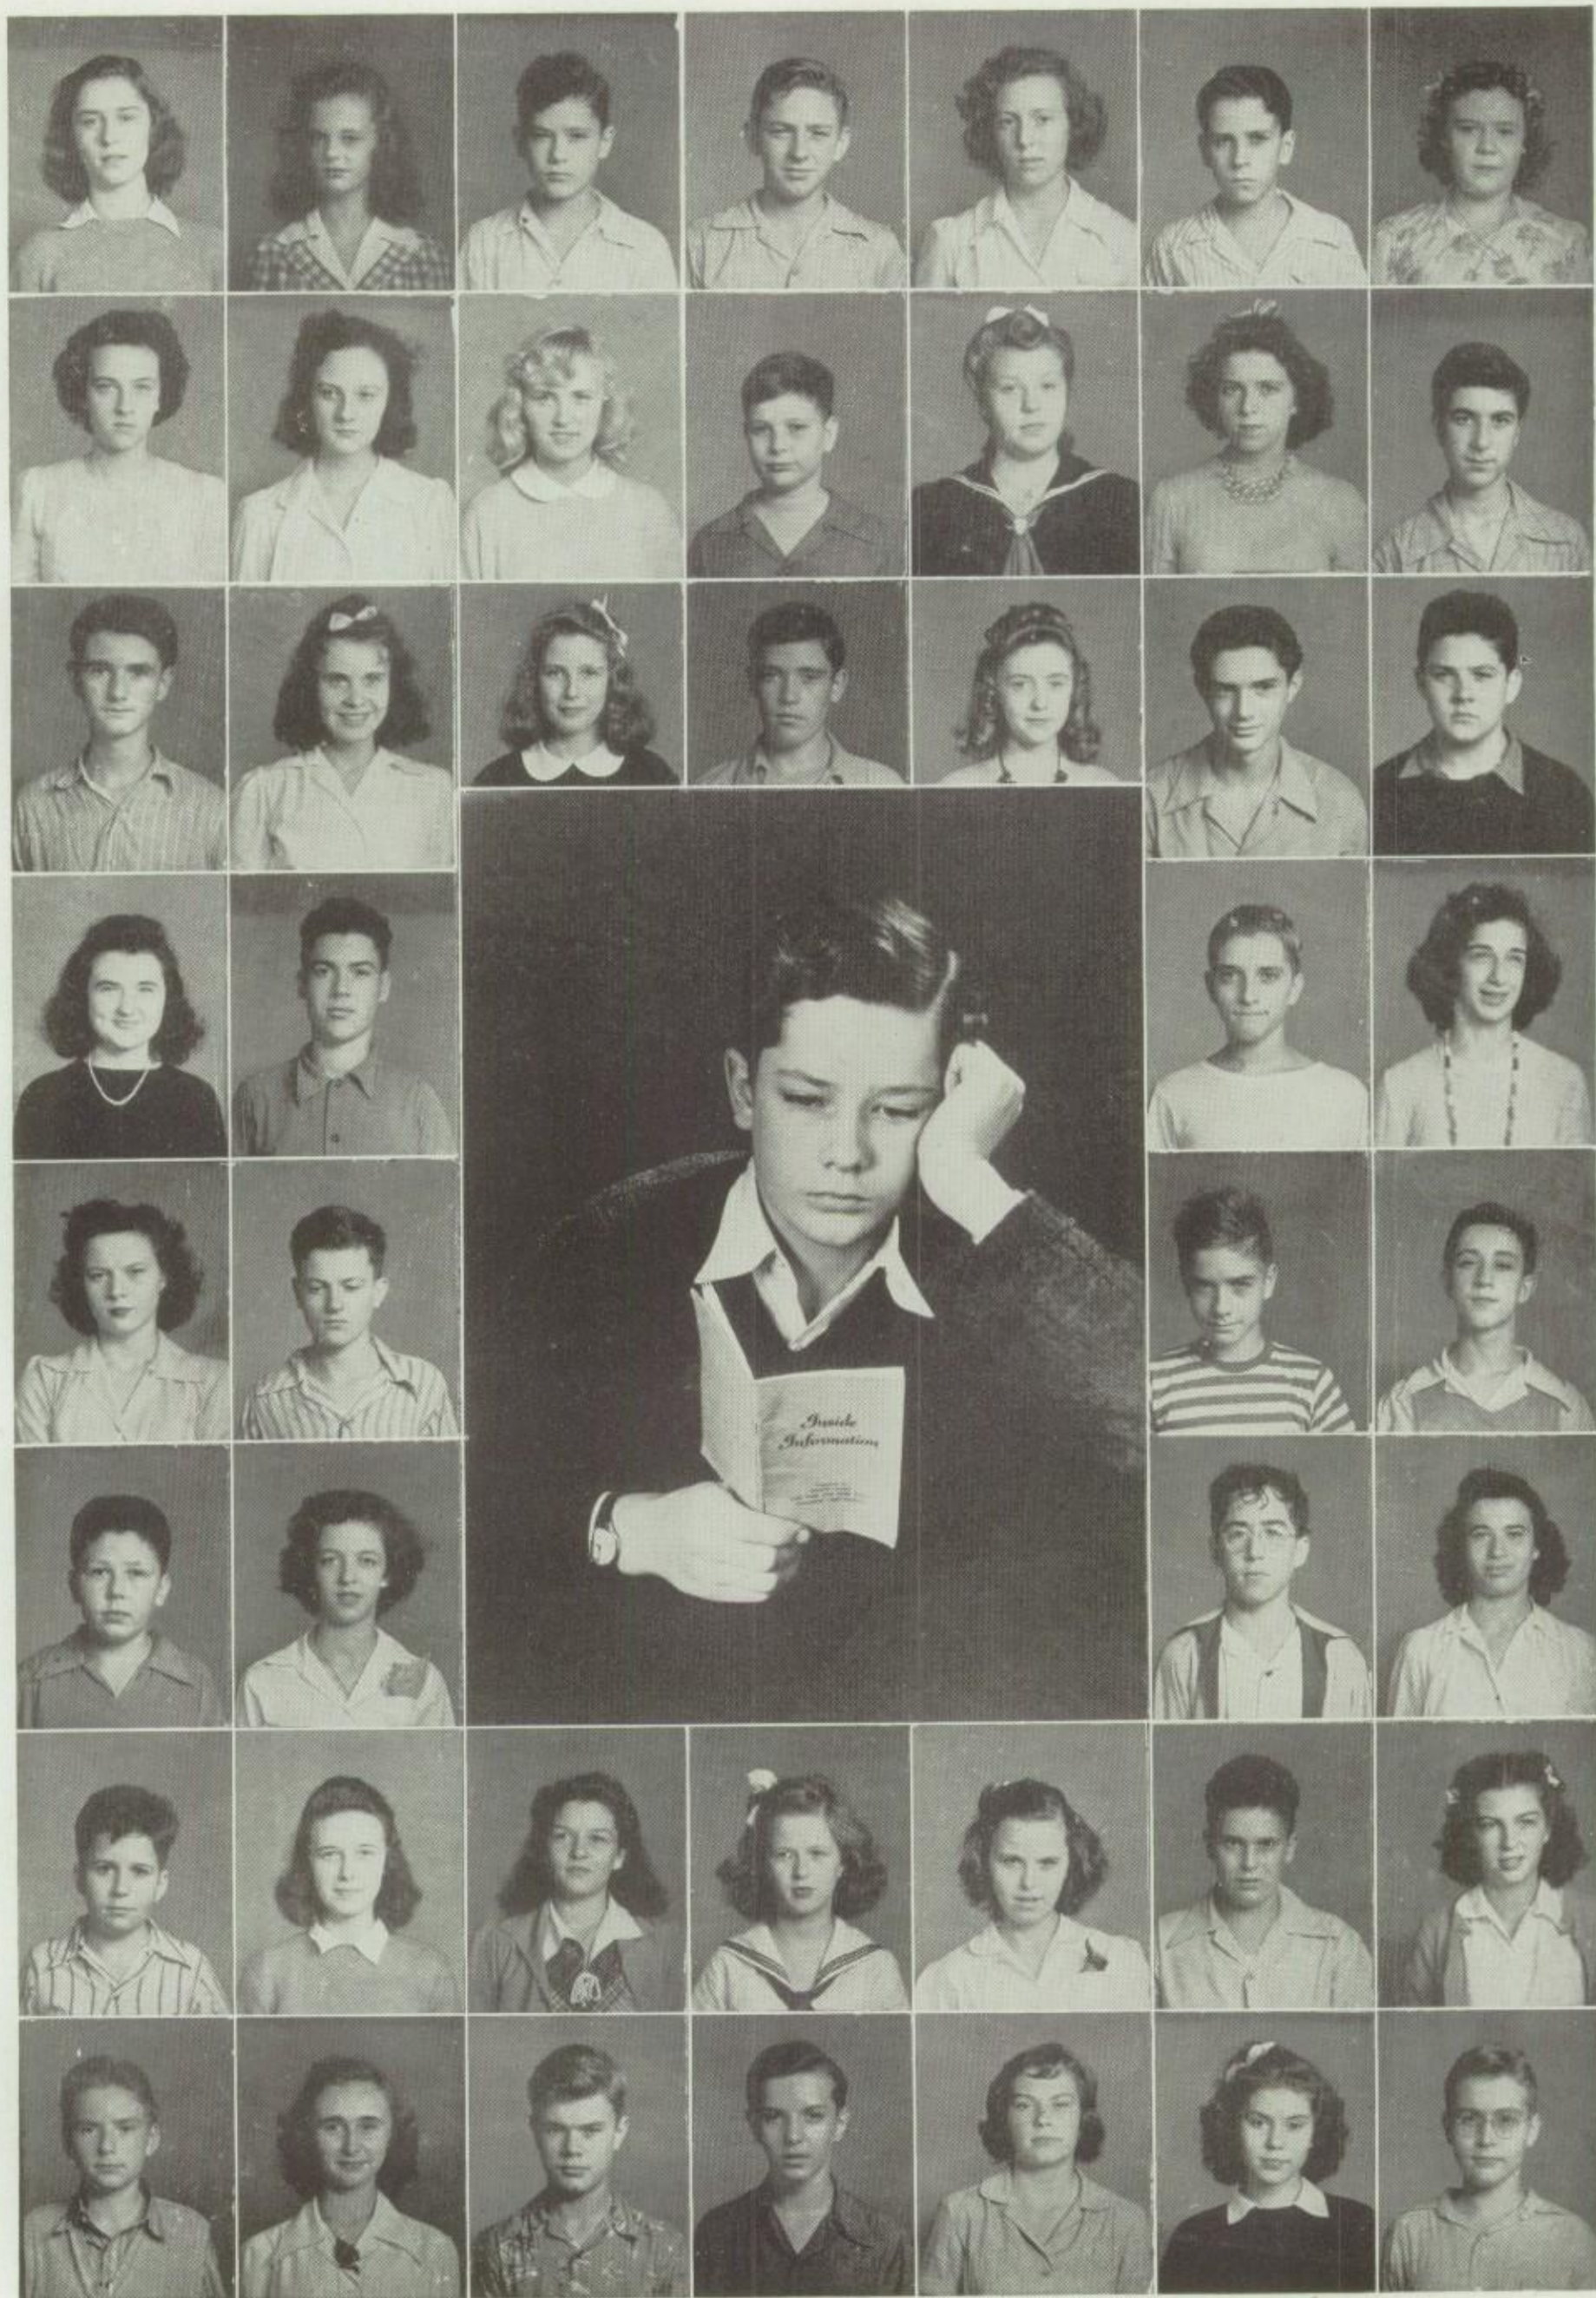

As usual, the sophomores have lived up to the high standards set by their predecessors. They quickly became a class with a distinct personality, giving a preview of the spirit with which they will attack the problems of juniors and seniors.

Able leadership has been shown by the officers of sophomore clubs and by the boys taking part in athletics. The two hundred members of the exclusively sophomore clubs, Masqueraders and Arts and Crafts, made those clubs lively. At one time the sophomore girls made a very successful drive to collect children's games. The number of Honor Roll students shows that, in spite of the troubled world atmosphere, sophomores are not neglecting their education. According to custom, the honor students assisted at the Junior Prom.

They are loyal sports fans.

They collect money for cakes and cookies.

Freshmen

"We students of Oak Park and River Forest Township High School remember the lost, forgotten feeling we had when we entered this school as freshmen, and for that reason we want to make it easier for you to enter now."

Reassured by these words in the introduction of **Inside Information**, the class of '46 started high school. Perhaps it was because of this innovation in handbooks that the class quickly became a

vital part of the school. The bewildered look wore off rapidly and in its place was an intelligent enthusiasm that surprised even the sophisticated seniors. This year no elevator tickets were sold nor did freshmen run frantically around searching for rooms. Instead they made a good record on the sale of Tuberculosis Stamps and Defense Stamps. The clubs for freshmen only, Science Club and Latin Club, were run very efficiently with the help of the faculty advisers.

Projection Staff

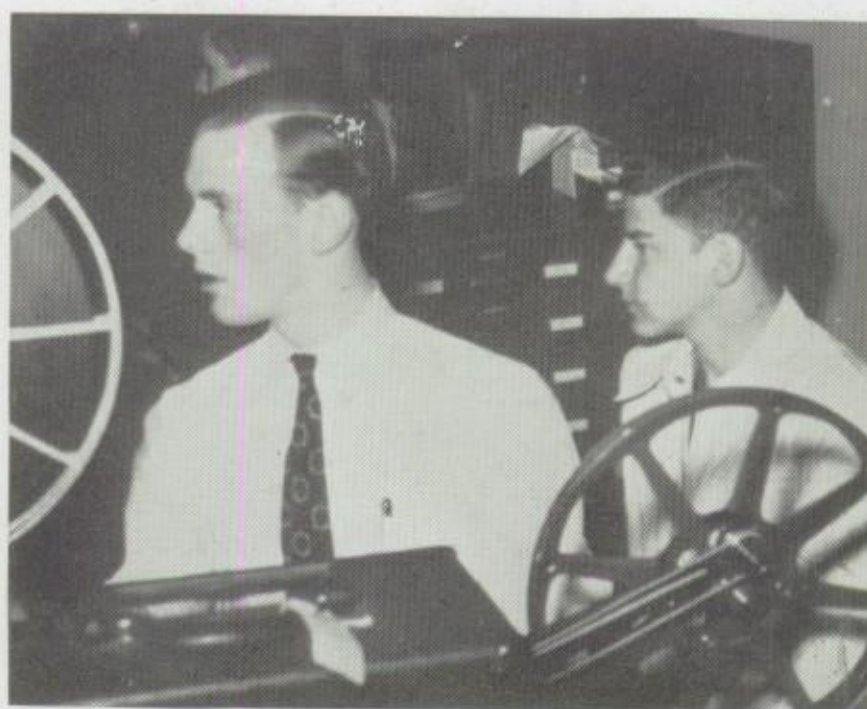

One of the most important functions of the school is performed daily by the twenty-six members of the Projection Staff. The aim of the staff is to bring visual education to the pupils of the school. Every day they show films of various types to an average of three hundred and eighty people. 254,480 feet of sound film alone have been shown during the past year. As their part in war work the staff shows an average of two films a week to the night school defense classes. Thirty-four classes have benefited from two hundred and forty-three different sound subjects.

The boys who handle the expensive equipment must naturally be reliable and so the selection is made by recommendation of the teachers. The boys are given an intensive training, during which they

become adept at handling the machinery and become fully acquainted with all the processes.

In the absence of Mr. Stewart, Mr. Park has taken over the direction of the staff.

Boys' Athletics

The following quotations from "Physical Fitness Through Physical Education," the manual of the United States Office of Education, best explain the new emphasis of the Physical Education Department.

"PURPOSE—The purpose of the daily Physical Education program is to make secondary school pupils physically fit to undertake the unusually heavy tasks they will probably be called upon to assume in the near future. For this group the program will have for its objective the development of:

- (a) Strength, endurance, stamina, and bodily co-ordination.
- (b) Physical skills that will be of direct value and use in the armed forces and war work."

"For others it will be for employment in agriculture, industry, commerce, domestic services, and other essential occupations. The program is, therefore, for all pupils.

This aim is met in sports, all of which develop the physical power of the individual, and in classes, which emphasize physical skill by means of drills, marching, carrying out of orders and mass co-ordination.

An example of the tough workout our fresh-soph players are put through is shown here. See the record for results and judge for yourself. The two supermen in front are Souchek and Fuog.

If you think this is an easy job, try it sometime. But being double-jointed alone does not make a cheerleader.

The little boy with the telephone is an uncheered hero of the football season. It is his job to receive the scores and see that they are placed on the score board.

Fresh-Soph Football

This was a fine year for the fresh-soph squad. Under the excellent coaching of Mr. Soucek and Mr. Fuog this team ended the season with a record of no defeats and claimed the Suburban League Championship. During all the games the fresh-soph line was an outstanding feature, outstanding players being Kramer and Meggelin, ends; Nerad, Schneider and Holsinger, guards; Wahl, Stenhouse, Templeton and Berry, tackles. It may be well to note that only twice during an entire season was our goal crossed by an opposing team. The total points won were 154 to the small sum of 12 for the opponents. Our team can well feel proud of such an achievement.

The freshman team of 1942 upheld the standards of O.P.-R.F. They were unrivalled until that unfortunate day with Proviso. This staunch frosh team even had the nerve to stand up against the sophomore team of York and to win with a score of 13-6. Special honor should go to the coaches, Mr. Noth and Mr. Woline, for their good work in shaping up this team.

The 1942 soccer team deserves special honor. Through good coaching, management, and team work, the boys won the State Championship trophy. Out of twenty games they lost only two. Wheaton, Glenbard and New Trier with the same fate. Unfortunately for us, the game with Elgin ended with a score of 35 to 39. A trophy was presented us by the Illinois State Basketball Association for the runner-up position.

Coach Don Harshbarger coached his varsity thinclads to an undefeated indoor season, climaxed by indoor Suburban League and Oak Park Relays championships. The outdoor season started out with equal success.

The team was led by Captain John Coon, who, along with Drury, Vroman, and Harbin, made up one of the fastest relay teams the school has seen in years. Holsinger and Gardner and Parrilli were the outstanding hurdlers of the team. Jaeger, Hunt, and Pringle turned in some splendid performances in the half-mile run. Among O'Neil's fine performances was a 4:40.6 mile. Westgate established a new fieldhouse pole vault record of 12'8 $\frac{1}{8}$ ".

"A sport for every girl, and every girl in a sport." This could easily be the motto of the Girls' Physical Education Department, for the program is so varied as to offer opportunity and fun to everyone. This year especially, with our government emphasizing good health and physical fitness, this department has become an increasingly important part of our school life and of our educational heritage. Always stressing the need for good health, the girls' program has consistently been ahead of the times. The fine equipment and the superior caliber of the staff make it possible for the department to precede instead of follow the trends.

Perhaps the most outstanding feature of the girls' athletic program is that it includes every girl in school. Emphasis is placed upon the development of the individual's abilities, upon the playing of the game and not upon the score.

To cooperate most fully with the government's suggestions, this year the department has placed great stress upon endurance. For this purpose running games and swims for extended periods of time have been incorporated to a greater extent than usual. Conditioning activities and corrective exercises have further emphasized the wartime aims.

In the effort to promote health and physical fitness for everyone, recreational activities have not been forgotten. After-school classes have been established for those with advanced skill in sports. These classes, meeting three times weekly, take the place of regular gym periods for their members. In addition, G.A.A. activities are conducted.

Down the Field and on the Floor

BASKETBALL is the most strenuous of our girls' sports. Besides skill in the technique of the game, endurance and agility are required.

SOFTBALL is a perennial spring favorite, providing the various "nines" with lots of good companionship and fun.

SPEEDBALL is a little football, some basketball, and a lot of soccer. As an experiment, it has been incorporated into the regular gym program.

HOCKEY, borrowed from our English allies, is a strenuous, peppy game, a favorite with many.

VOLLEYBALL is popular because it is easily adapted to groups large and small, skilled and novice.

What am I offered?

Oh, no, you don't!

To be or not to be—

It shall not pass!

Don't bully me.

Now, it's just like this—

Whose ball am I?

For the Individual

TENNIS is still a favorite, although wartime rationing has prevented inter-school tournaments and restricted the amount of equipment.

Since GOLF is primarily a social game, the do's and don'ts of fairway etiquette are an important part of the instruction our golfers receive.

DANCE is fast increasing in importance and favor. Although modern rhythms are stressed, there is work in country and barn dancing for those interested.

The Trapeze

During A period on Fridays twenty-eight times a year the students of every homeroom are hidden behind a screen of "Traps." The Trapeze, commonly called the "Trap," is the newspaper of the school. One of the most important sections is the editorial section, which gives an opportunity for student expression. Another distinctive part is the spotlight. Each week a senior who has done some-

thing distinctive is "spotted." This write-up is given for outstanding work in scholarship, clubs, sports, drama or work on the periodicals. There are special features such as a joke column, a fashion column, book reviews.

The five editors, the staff of reporters, and Mr. Hecketsweiler are responsible for the weekly edition. Their work is a vital part of the school life.

Tabula Publishing Board

The Tabula Publishing Board has for thirty-two years published and distributed the Trapeze, the Literary Tabula, and the Annual Tabula. Under the direction of Mr. King and Mr. Hepker and the leadership of the Advertising, Business and Circulation managers and their assistants, the Board carries on its work much as

does the Business Staff of any large paper.

The continuous weekly work of the Board is the production of the Trapeze, but twice each year a concentrated effort is made to distribute the Literary Tabula. Similarly, during the spring months, all the members work steadily toward the publication and the distribution of the Tabula.

Trap Agents

The tireless distributors of all publications of the school are the Trap agents. At the beginning of the year they are selected and plunge right into their duties by collecting money for the first semester subscriptions of the Trapeze. Everyone knows that collecting money from forgetful students is quite a task. These agents are the people responsible for bringing

the effort of the Trapeze staff to us every Friday morning. At Christmas time and spring time the Literary Tabula is added to their load and the pile of things to be distributed. In March they begin the seemingly endless duty of signing up Senior Tabula purchasers and collecting the money. To the Trap agents we owe much.

The Tabula

From the heat of September through the ice of winter to the pleasant warmth of spring, the eleven members of the Senior Annual Staff feverishly plan, and write and cut to make deadlines. The director and the source of all information for the staff is Miss Turner; without her nothing would be done. In January when words begin to run together to form copy, Miss Smith comes down to put in commas and to take out unnecessary words. When March rolls around juniors are selected by means of try-outs to assist, after school, in detail work, such as checking the index and reading proof.

In June the book is yours.

The Literary Tabula

As the Senior Staff of the Literary Tabula constantly engages in last-ditch discussions on how to supplement the tiny trickle of material toward the printer, the sacred deadline becomes more and more elastic; the staff becomes more and more certain that lack of material will prevent publication. Suddenly, all the copy is back from the printer, and there just isn't any way to fit it all into the magazine. Long days and nights with no sustenance

but potato chips, no study halls, no time to do homework, and apparently no dent in unfinished work, are broken by the materialization of a completed dummy and piles of galley perfectly (they think then) corrected. On publication day the staff munch their Tabula birthday cake and bask in the assurance that, in spite of errors previously overlooked but now staring them in the face, they too have produced the best Literary Tabula ever.

Student Council

Here at Oak Park High, Student Council is synonymous with student participation in school government. And this year our Student Council became truly representative and democratic. For the first time the members were elected by their classmates, a practice which has been heartily approved by both faculty and students.

Many problems have confronted the 1942-43 Student Council, but all have been successfully challenged. Each of the 12 seniors, 10 juniors, 8 sophomores, and 8 freshmen is a member of a committee,

and each committee has its specific task. The lunchroom committee has studied our school cafeteria and suggested improvements for a bad situation. Another committee wrote the information booklet which each new freshman received this year. A third committee established an information desk in the main hall and a fourth committee appointed door monitors for the lunch hour.

In addition, the entire council has worked on plans for making the organization the most important and influential in the school.

Smoking Council

BACK ROW: Salek, Cossitt, Carroll, Aalbue. SECOND ROW: Wiedow, Cantwell, Bushing, Oberhelman. FRONT ROW: Walker, Markward, Drury.

Smoking Council is made up of nine senior boys elected in senior homerooms and three junior boys chosen by these senior members. This is the one organization guiding school activities in which the discussion and the solution of problems are within the jurisdiction of students, the members of the council, without any faculty adviser. The primary purpose of the council is to enforce student-made laws regulating student smoking.

Safety Council

Safety Council is ever on the job. Every member is on one of the four permanent committees, the work of which has significance for both the school and the community. A code of rules for bicycle riders has been established and assemblies have acquainted the riders

with the regulations. Council members control school traffic and parking, and make accident reports.

This year Safety Council has been represented on Student Council by the committee chairmen. This innovation has resulted in desirable cooperation.

Girls' Club Council

Girls' Club Council is the guiding hand of Girls' Club, the organization of which every girl is a member. "Council" is composed of senior girls; the officers too are seniors, elected to their positions by their classmates.

With Miss Bennett as sponsor, Girls' Club Council has given parties for all the female DOOPERS and supervised the

weekly collection of cakes and cookies for the Service Men's Center. As usual, five hundred Christmas stockings were sent to the Chicago Commons, the Council having conducted a tag day to defray the expenses. The annual style show was presented in the spring and a successful after-school dance was given.

The 1943 Junior Institute on International Affairs, held on February 19 and 20, was planned by an executive board of two juniors and nine seniors, with the aid of Mr. Buske and members of the Senior Institute. The annual banquet took place on Friday evening, with Mary Cochran as chairman. John Robinson presided at the Saturday morning session.

Five hundred candles spreading their light in the surrounding dimness. Five hundred girls resolved to keep lights burning in a world of darkness. A dramatic climax—a fervent response to an inspiring week end.

The twenty-sixth Girls' Conference was something to remember. This year's program, built about the theme "Candles in the Dark" was exceptional. Gnaedinger strove to vindicate the community. Witnesses were called: Dr. Youngert, Mr. Metcalf, students, members of church organizations, ministers. There was examination and cross-examination. The verdict of the jury, which was composed of six students and six adults, was read by Judge Otto Kerner of the United States Circuit Court of Appeals.

The community was **not guilty!**

The right to self-expression is typified and exercised by the boys' debating clubs, Burke and Lincoln. Membership in one of these clubs signifies the realization of aspirations.

The topics for debate are usually of domestic and international importance but sometimes of importance only to the school. Members have slaved over such subjects as "Resolved: that a Student Union Should Be Established at O.P.R.F.," "Resolved: that India Should Be Given Immediate Independence," and "Resolved: that Unions Should Be under Government Control." Each subject is carefully analyzed and thoroughly discussed so that the member is stimulated to solve the problem for himself.

Debates are not the only chance of showing speaking ability. Orations and informal addresses are also delivered on a wide range of subjects from the United States foreign policy to wild life preservation.

Burke and Lincoln have a joint meeting and also such a meeting with the girls' debating clubs. At these meetings the boys and girls pool their resources and really deliver fine programs. An unusual feature of the Lincoln-Gavel meeting was the singing of the minutes by the Gavel girls.

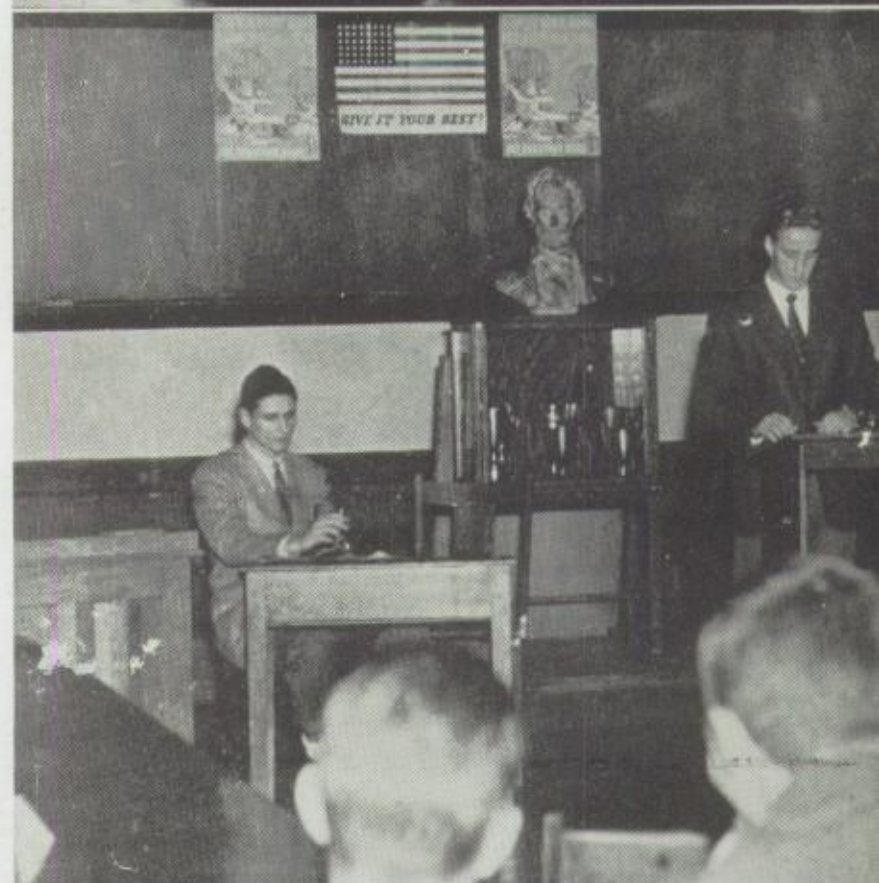

Each club also has its parents' night. Burke combined its parents' night meeting with its Christmas program. These meetings gave the parents an idea of what a good time their sons have every other Tuesday night.

One feature of Lincoln's programs was a mock murder trial. This was such a success that Lincoln consented to give it for an assembly. Burke club gave a typical meeting for an assembly with the usual serious debate and the amusing stunt. Both clubs, at the end of the year, held banquets with royal festivity.

To let the Burke-Lincoln rivalry, which was restrained even at their joint meeting, out into the open, Lincoln club challenged defending champion Burke club to a baseball game, of which the results are well known.

Just as actively as the Lincoln-Burke boys have been asserting their right to the freedom of speech, so have the girls of Gavel and Forum. For isn't the feminine half of this world reputed as being the talkative one? Both Gavel and Forum were founded principally with the aims of better debating, extemporaneous speaking, and parliamentary procedure.

Gavel and Forum are the sponsors of a project whose influence is felt by every student—the sale of war stamps in the school. True, this gigantic task hasn't much to do with debating and its related fields, but it is a project exemplary of the initiative and enthusiasm of these girls.

Wouldn't **you** like to go to a Gavel or Forum meeting? Come on, then! A highlight of the year's effort for both clubs was the Forum-Gavel meeting. Presiding officers smiled for the birdie while debating Doelle held forth on drafting women (illustrated). A stunt in a lighter vein took off these meatless days. . . . Gavel will never forget the talents of permanent stunt director Kellogg, whose crowning triumph typified the traditional rivalry of the two clubs. Prudence Mann and Greta Gruesome Wahl starred. . . . Plaudits are in order for Miss Wolter and Miss Bush, parliamentarians par excellence. . . . Camera-shy Levey, victorious debator of the Lincoln-Gavel meeting is illustrated—what's he doing on the girls' page? . . . Loud laughter from 232 and 116—must be those Kellogg (the other one) and Simpson minutes. . . . Miss Hawkins (illustrated) is one of the three most popular members, the other two being M. A. Hope and G. Anthony. . . . Who said Gavel and their Moms don't drink tea? Picture at left proves it. . . . Forum showed off for their mothers at a Christmas party complete with tree which was sans lights. . . . Forum and Burke joined hands, perhaps just to hear President Robinson whack the gavel every other minute. . . . Misses Swett and Neumeister did themselves proud as presidents at the junior meetings. . . . Both clubs sponsored a dance, the Stamp Stomp, for the sale of war stamps (illustrated). . . . Last girls out, be sure to lock the door!

Extemp

Every Friday after school, there migrates to room 232 a queer species of man. Its distinguishing features are (1) a ready and voluminous tongue, (2) a fervent desire to argue, (3) a love of politics, (4) a fiery zeal. The battleground is Extemporaneous Speaking Club. Here one may see proud orators locked in a do-or-die struggle, while the onlookers eagerly lend support to their champion. Disputes on every point arise among the audience, and five o'clock finds all reluctantly leaving the arena.

Extemp has the unique standing of a non-organized club. Although it has a faculty adviser, constitution, and chairman, and is run like any other club, it requires no dues and has a liquid membership. New members come into every meeting. Some come to listen; some to argue—all come to think.

Extemp is living up to its duty advancing public speech and debate.

A time-honored institution around here, almost as old as the school itself, is Drama Club. It is regarded as one of the school's important clubs, for no senior play could be produced without it. For their second semester project the seniors of Drama Club busy themselves on the various committees and the cast of the play; there is hardly a member who does not contribute his talent. The remainder of the year's schedule is filled chiefly with skits and monologues by individual members.

Masqueraders

Besides having a group of dramatically inclined bright sophomores, Masqueraders has two other new members. Mr. Kimball has joined the group to coach the second-year Thespians and Mrs. Hinman to take care of business details.

The players have put on the regular number of plays, indulged in the same amount of lunchroom refreshments, and had the usual good time. But an innova-

tion has been the completely student directed play which they are planning to present. They hope to make this play, produced entirely by the students, one of the best. They have also tried a radio play with fine results. The actors, using a mike in one room, broadcast to their unseen audience down the hall. Masqueraders has invaded the realm of radio.

Footlights

 Vice President Jack Hedges
 Secretary Joyce Rischmiller
 Treasurer Jean Gregory
 Sergeant at Arms Philip Young

Last fall sixty promising boys and girls passed the scrutiny of Miss Graham and Miss Harrington and in due time became members of Footlights, that exclusively junior organization for the dramatically inclined. The players presented a wide range of productions this year—an original burlesque by Jack Hedges; a Chinese play of stylized, eccentric nature; the in-

evitable ghost story; and their masterpiece, "Dust of the Road," whose serious, religious theme had such unusual appeal that it was presented for a junior assembly. While by now they may not all be fledgling Barrymores, at least the actors in Footlights have enjoyed their brief season.

Dramatic Productions

Drama has always played a large part in the extra-curricular life of the school. Many dramatic productions are put on by clubs and other organizations, the two chief shows being the Girls' Club Show and the Senior Class Play. By tradition, a professional job is expected and the audience is rarely disappointed.

Charley's Aunt

Following a long-established custom of giving a yearly play, the Girls' Club staged "Charley's Aunt." Even the severest critics would agree that this year's Girls' Club Show was, if anything, above the usual standard.

The play itself is a masterpiece of sheer comedy. The situation of an Oxford College boy's masquerading as an elderly aunt develops into a humorous and complicated plot. As usual, however, all complications are somehow or other ironed out.

The two performances represented a great deal of effort on the part of Miss Remsburg, the cast, the committees and the advisers. For weeks all those connected with the play worked long and hard to make the show a success. Judged by all standards their efforts certainly were productive of excellent results.

Stage Crew

The unsung heroes of the Oak Park High School dramatic productions are the loyal boys on the stage and lights crews. They are the ones responsible for the beautiful lighting effects and the quick changing of scenery in the two big shows. Although no one ever sends them a bouquet, they deserve a large part of the credit for the dramatic successes staged at our school. Mr. O'Brien keeps

the lights crew boys on the job and Mr. May directs the stage crew. It falls to their lot to do the hard work and to take care of the technical requirements of the plays without which our dramatic efforts would be crippled. They do have their idle moments, spent in improving their card skill and in heckling the cast, but these periods of relaxation they well deserve.

Music Department

Concert Band

Orchestra

Mr. Little
Head

To those who enjoy the fine arts, the Music Department offers ample opportunity for listening and performing. Budding artists are given a chance to try their skill on real audiences and with really good music. Many and brilliant were the stars of the spring and Christmas concerts, and of the operetta, "Trial by Jury," the first such presentation ever given here. However, individual prowess

is forgotten in the performance of the instrumental and vocal groups. The part is subordinated to the whole, and some beautiful music results.

Our musicians have also enjoyed outstanding successes in extra-curricular appearances. The choir was invited to sing at the Chicago University Chapel, at the graduations, and for various civic clubs. The vocal and instrumental soloists have played for Red Cross benefits.

The Music Department has increased greatly in size, and now makes room for such special groups as the Madrigals, Girls' and Boys' Glee Clubs, and Ensembles. These groups open new vistas in music heretofore closed to the student. Under the leadership of Mr. Little, Miss Doll, and Mrs. Boynton, music in O.P.H.S. is coming into its own.

Caroling in the halls
at Christmas

GIRLS' GLEE CLUB

Christmas Festival

Christmas time—Christmas trees, gifts, ornaments, candles, wreathes, and music. We all look with expectation to the annual Christmas concert. Unlike the other choral programs of the year, this one presents all the choruses, glee club, and ensembles, massed in a glorious combination of voices. Then Christmas songs—old favorites and new ones—concert pieces, liturgical music, art songs, climaxed in the singing of the Hallelujah chorus. This remarkable program is the result of the combined work of the whole department. The choral work is under the direction of Miss Doll and Mrs. Boynton, who do the hard job of molding the separate groups into the well-coordinated whole. Mr. Little handles the orchestral numbers.

Although the Christmas concert is a familiar festival, this year's excelled all others in magnitude and musicianship. It was one of the evidences of the revision of the department and of the elevation of music to a major position. We can look to the succeeding concerts with growing anticipation of pleasure.

Mrs. Boynton

Miss Doll

"Trial by Jury"

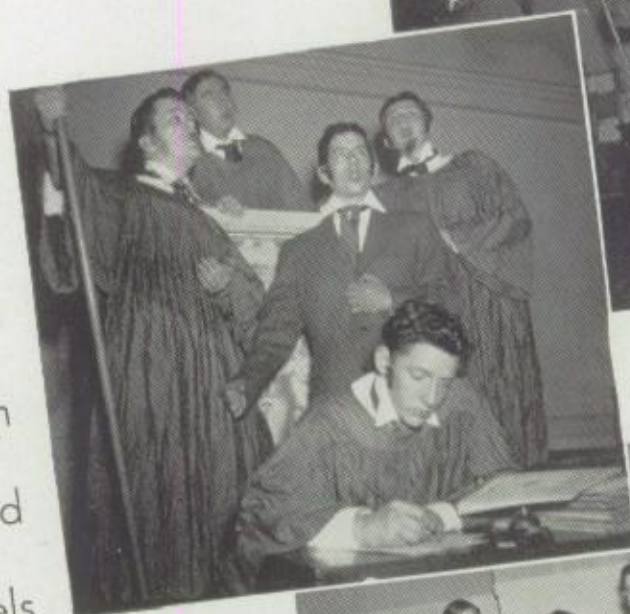

This year saw another "something new" in the Music Department,—a presentation of the Gilbert and Sullivan operetta, "Trial by Jury." The cast was drawn entirely from the choir, and, though under the guidance of Miss Doll, was, in a large part, directed by the student assistant.

The comedy itself is hilarious. The humor lies in the words and music as well as in the acting. Consider the interpretation of the judge's song, already a classic, which describes the judge's rapid assent to the bar. En route he married an attorney's "elderly, ugly daughter" who "might pass for forty-three in the dusk with the light behind her."

The comments on the operetta indicate a general hope that it will become an annual event.

Twice a month aspiring musicians gather to discuss musical genius in general and their own in particular. These are the members of Music Club. Music Club was organized expressly to give people of musical ability an opportunity to observe and discuss the performance of others and to perform themselves. Constructive criticism of work, so desired by real artists, can be secured with little or no embarrassment. Here too, talks on the finer points of music are made to an audience eager to learn.

Although primarily a performers' club, it has its listening faction. They have found that there is as large, as exacting, and as satisfying a role in listening to good music as in making it. Indeed, good listeners are as rare as good performers.

Making its debut in the fall of 1942, France-America was a welcome addition to the roster of clubs at Oak Park High School. With its purpose of being an informational organization about France in relation to America, the club drew sixty interested French students. Club meetings featuring personalities in the news and authorities on the present

French situation—Monsieur A. G. Bovee of the University of Chicago, for instance, spoke on North Africa; information on modern French living with a cooking talk by Madame Bluzat; a Christmas celebration a la francaise; and entertaining movies mark France-America as a definite contributor to the practical as well as the cultural activities of our students.

Art Club

Art Club is a hospitable group that welcomes every girl who is interested in art, whether or not she belongs to an art class. The only requisite is a desire to learn more about this fascinating field of self-expression.

No, the girls don't wear berets, smocks, or monocles. They don't have French accents and eccentric manners. They are just ordinary people who possess an extra amount of skill—skill that this year has enabled them to take part in all sorts of patriotic projects. They lent their collective talent to the Red Cross and produced many useful articles, such as stationery holders and tray mats, for our sick soldiers. Many small donations like the one from Art Club bolster the spirits of our fighting forces. Art Club spent the first semester on this Red Cross project.

During the latter half of the year its members shook off the wartime atmosphere and worked creatively in making clay jewelry. This novel idea, sponsored by the club's talented adviser, Mr. Pelz, is having unusual and interesting results as the girls design, bake, and paint their pins and bracelets. The club room, 332, has been a bustling center of activity where the Art Club girls have had fun carrying out their inventive ideas.

Not to be outdone in patriotic work by any other organization in the school, Arts and Crafts has devoted its whole club effort to the Red Cross. The club donated all of its dues to the buying of materials for Red Cross projects. With this equipment have been made clothing,

scrap books, bedside boxes for sick soldiers, and an afghan. The girls generously gave extra time, besides that spent in club meetings, to complete these articles. The work was under the direction of the club advisers, Miss Harrison and Miss Wilson, and the crafts chairman, Vice President Yvonne Schroder.

When the average student hears the word Latin, he immediately says to himself, "Hmmm! Dead language." If this student were to visit any meeting of Latin Club, he would soon change his mind. Latin Club's chief purpose is to make Latin live and to show its role in our everyday lives. For example, it wouldn't take very many meetings before he learned that benefactor is not spelled beni---

or that 62% of our English words are of Latin derivation.

Latin Club too offers its members, limited to freshmen, a chance to delve more deeply into the customs and times of old Rome. The long lost art of toga-folding, a Roman dinner—"ab ova ad mala," dramatization of Roman life, and other points not studied in text books, are vividly presented. The motto of the club is "Senatus populus que Romanus."

Science Club

Formally, Science Club exists to advance information in related scientific fields other than those studied in the general science classes. Actually, its most important function is introducing freshmen to extra-curricular activities and promoting fellowship and friendship among a group of boys and girls who have not formerly been acquainted.

A feature of this year's Science Club program was Mr. Hohn's talk on flight principles. At some of the other meetings movies were shown. In connection with Science Club, Mr. Rossetter, the adviser, gave various outside classes instruction in cosmetic mixing, ceramics, and aviation fundamentals. The students were thus able to put their theoretical knowledge into actual practice.

Sweet essence of chlorine.

Chemistry Club

This year Chemistry Club had to turn down some prospective members, since so many wanted to belong. Perhaps this popularity is due to the excellent work of the club's new faculty adviser, Mr. Woline. Or maybe this student interest in Chem Club is caused by the excellence of the programs. A demonstration of the commercial preparation of chlorine and another of liquid air and its properties were provided by the meetings. Modern applications of chemistry were brought out in a talk on bombs and on other war supplies, and in a movie put out by the Office of Civilian Defense on the incendiary bomb. The members also paid a visit to the Museum of Science and Industry.

The chief purpose of Newton club is to intensify interest in mathematics. Under the able supervision of Mr. Sullivan, Newton has set many students thinking about the application of mathematics to their everyday lives, and has provided moments of intellectual pleasure and of pure fun.

Its programs through the year have furnished varied entertainment. The seniors triumphed in a junior-senior mathe-

matical quiz. The "Barefoot Five" gave a pop concert in which two bassoons, a piano, a bass fiddle, and singer went to town. A woman valve expert discussed the need in industry for girls with mathematical interests and talents. Mr. Chandler gave an interesting demonstration of the utility of the slide rule. A movie on Einstein's "Theory of Relativity" enlightened an appreciative audience. In addition to these features of the year, there were many amusing stunts.

Radio clubmen gather together weekly to pool their knowledge of radio and to demonstrate certain of its principles. The club's adviser, Mr. Schneller, supervises its activities, which are now quite a bit restrained, owing to the war. Nevertheless, the boys manage to have interesting talks and demonstrations usually covering the uses of radio and the various details of radio apparatus.

Not only does Radio Club serve as a stimulus for an avocation, but it also prepares the members for future careers in civilian life, and, even more important now, in our armed services. Thus does Radio Club continue to function in spite of the present day obstacles.

Every other week throughout the year, study hall blackboards are decorated with signs, "Stamp Club Tonight" and "The Stamp Club's First Stamp Exchange." Maybe such announcements mean nothing to you, but to many they herald a meeting in which they have a chance to have some fun, to meet others, to enjoy a few hours of friendly talk on a mutual interest, and to get some new and

perhaps valuable stamps to add to their collections. This is what the Stamp Club means to some students.

As the main features of its program, Stamp Club has stamp exchanges, contests dealing with stamps and with stamps as prizes, and talks by such luminaries as "Uncle Rob" Hamilton, stamp editor of the Oak Leaves.

Story Club

"Story Club? Do you tell stories?" is a question frequently addressed to members of Story Club. The usual reaction of the members is to fall into a coma for three weeks; but some only faint, and recover in time to enlighten their questioner.

The purpose of Story Club is not to

tell stories, but to write them—and not only stories, but poems, essays, plays, or what-have-you. Part of the meeting is spent in reading and criticizing these literary attempts. The rest of the time is spent sometimes in extemporaneous writing, sometimes in discussing literary and dramatic works.

Monogram Club

President Paul Walker
 Vice President Charles Higgins
 Secretary Leonard Boltz
 Sergeant at Arms Parker Preble

Any student who wins a major monogram for participation in one or more sports is eligible to become a member of Monogram Club. He is, and by rights ought to be, proud of this emblem of his athletic prowess.

These boys, under the supervision of Mr. Holmes, decide the requirements for receiving a major monogram and discuss how better to promote the quality of

sportsmanship.

These letter men form a group which performs such services as ushering at athletic events, at the gym exhibit, and at outdoor assemblies, and as selling refreshments at games. This club is one of the student-governing bodies of the school and aims to develop not only sportsmanship but courtesy and good fellowship in the school as a whole.

Boys interested in out-of-door activities meet with Mr. Ramsay to form Sportsmen's Club, which aims to interest many in new fields of sport and to solidify further the interests already enjoyed. There are discussions of hunting, fishing, riding, and hiking, supplemented by movies and demonstrations. Another aim of Sportsmen's is to promote wild life conservation. Twice a year a speaker from the Conservation Department of Illinois tells of the importance of, and the means of furthering, conservation.

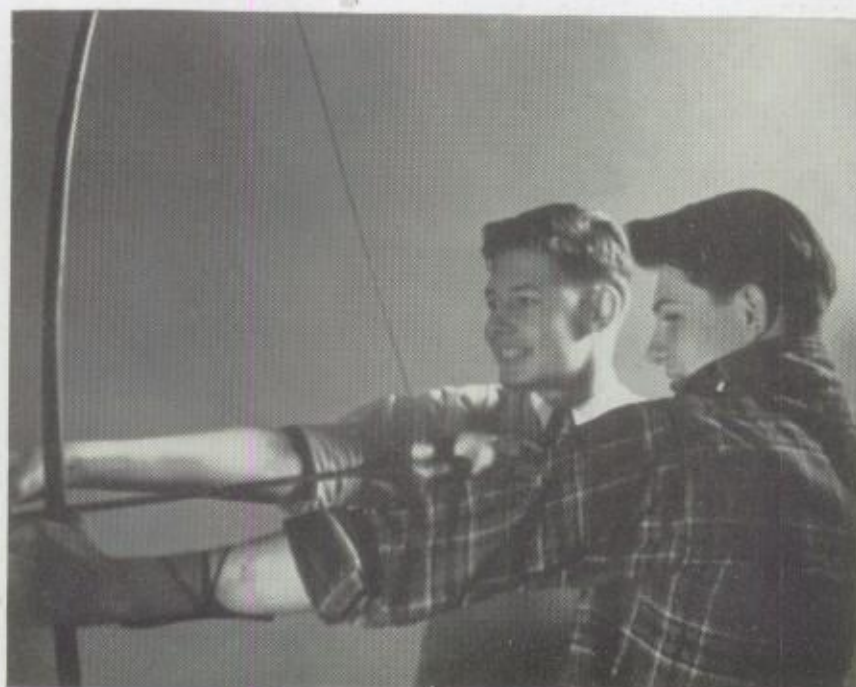

When the weather is bad or the opportunity for field trips is lacking, the club turns to indoor recreation such as bowling. They try out the experts' suggestions on improving their games.

Thus encouraged in the pursuance of their interests, many of the boys, at the end of the school year, go out to apply their knowledge of the out-of-doors.

The Hi-Y is different from all other clubs. There is a Hi-Y group for each class, each meeting at the "Y," under the sponsorship of Mr. Aplin of the "Y." The boys take an active part in social welfare by performing such services as repairing toys for the less fortunate children of this area.

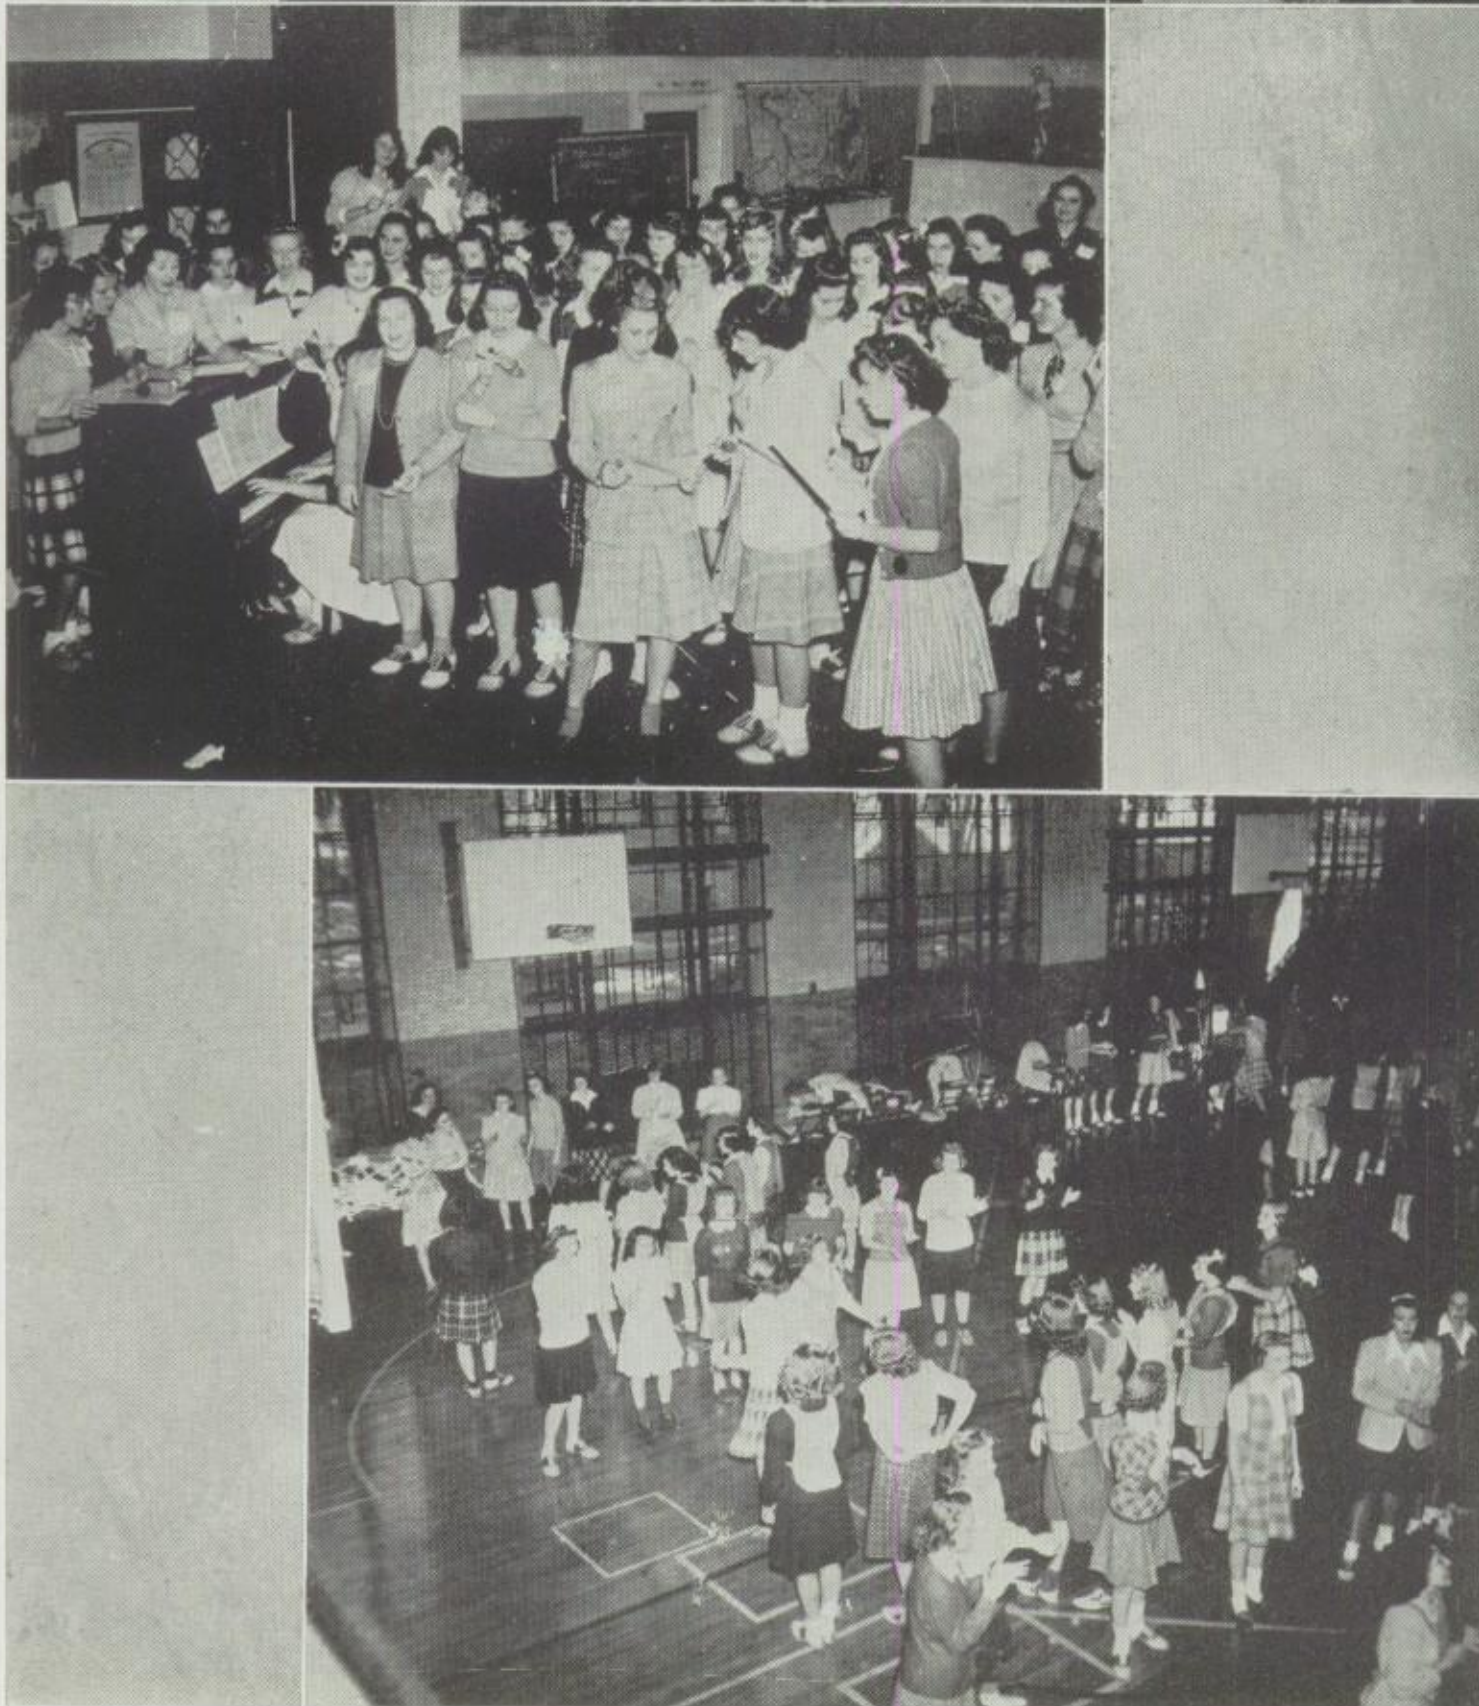

While they performed many services this year, they still managed to have inter-

esting meetings and recreation. They heard talks by officers of the army and navy on the opportunities afforded by these services and a speech on the problems of youth today in relation to the war. They were entertained by a humorous discourse on "How to avoid the Draft." In addition, they had swims, saw movies on such subjects as football games and the making of basketballs, and generally had a good time.

Atalanta, a charter member of the Illinois Girls' Athletic Association, might well be called the most active club, for the doings of our G.A.A. are many and diverse. This year Atalanta devoted two meetings to play days, with everyone present taking part. At other meetings the girls tried some barn dancing, and had an obstacle race, fashioned after that of the army. Some of the club swimmers presented a beautiful demonstration of

their skill at the annual Mothers' Tea. Movies picturing most of the sports that girls take part in were shown as another part of the club program. The year of fun and friendship was brought to a close at the annual banquet, when the officers for next year were announced.

Again Atalanta sponsored the Football Dance. The unique decoration scheme based upon football symbols, the fine attendance, the fun made it a most memorable and successful occasion.

Behind Townmeeting Club's somewhat obscure purpose lurks the girls' desire for fun and fellowship. Sociability exists in abundance at Townmeeting, along with the accomplished aim of serious development of the members' initiative, poise, and interests.

In line with this aim for increased social consciousness, the girls have taken some excursions outside of school. There has been a trip to the Rosenwald Museum, with the coal mine as one of the attractions, and one to the Chicago Historical Society when Townmeeting Club invaded Lincoln Park en masse. Versatile Mr. Hohn came to speak to the club at one meeting on his timely hobby, aviation.

Not the least of Townmeeting's attractions for juniors and seniors has been Mr. Carson, the genial history teacher, who has enjoyed his galaxy of girls just as much as they have been amused by him.

Terpsichore

The Terpsichore girls have a genuine, working interest in all phases of creative dance. It is so strong an interest that they have been willing to meet the requirements of eight weeks of rhythm class and hours of strenuous practice. The girls have occupied their time this year with various individual and group creative projects.

Founded on the idea that dancing gives poise and grace, Terpsichore has long offered instruction and inspiration to its members. Miss Nina Trump, the club's new adviser, who took her work in the dance at Wisconsin, has given the club better-than-ever leadership this year. Also new is the club's status as a subsidiary of Atalanta. The only money that is collected goes towards the costume fund, which this year made possible the purchase of white organdy costumes for the Christmas production. Besides this dance, which was given for Atalanta, the Terpsichore girls are planning a spring exhibition for an assembly program.

On the Home Front

With many of our boys in the service, we feel responsible for helping to entertain them. By sponsoring cake and cookie drives for the Service Men's Center, we feel that we are making things easier for them. We boosted the Victory Book Campaign by providing many hours of interesting and informative reading for our boys.

The school's Junior Red Cross group is helping by doing such work as making utility bags for soldiers. A high school Tag Day netted needed money for the Red Cross.

Thus we of O.P.R.F. help the boys who may be giving their lives for their country.

O.P.R.F.'s Seal Sale Drive was a great success as have been those of the previous years. Once more the girls outdid the boys; together they made a gain of \$644.69 over 1940-41. The total sales for the girls were \$3,679.75, and for the boys were \$2,999.59, a grand total of \$6,679.34. The highest results were recorded in both the boys' and the girls' drives by the freshmen. The freshmen girls sold \$1,331.54 while the boys sold

\$1,111.03. The room with the highest sales for the girls was Room 133, with a per capita of \$12.98, largely because of the work of Phyllis Gustafson. For the boys, it was Library West, with a per capita average of \$3.86.

But these totals would mean nothing without the work of individuals. The highest individual sale was made by Phyllis Gustafson—\$415! The highest boy was David Brooke, who sold stamps valuing \$81.

The individual interests of many center at present upon patriotic service—shared in school by everyone in the buying of War Stamps. Last year Gavel organized a group to sell stamps in school. Because of the patriotic increase in the buying of stamps, this year, Gavel enlisted Forum's co-operation. These clubs have under the guidance of Miss Hawkins, shared the responsibility and the satisfaction of a job well done. All the girls devoted each Tuesday morning to stamp sales; some spent many hours each week in the drive. But it was well worth the time spent, as shown by the results.

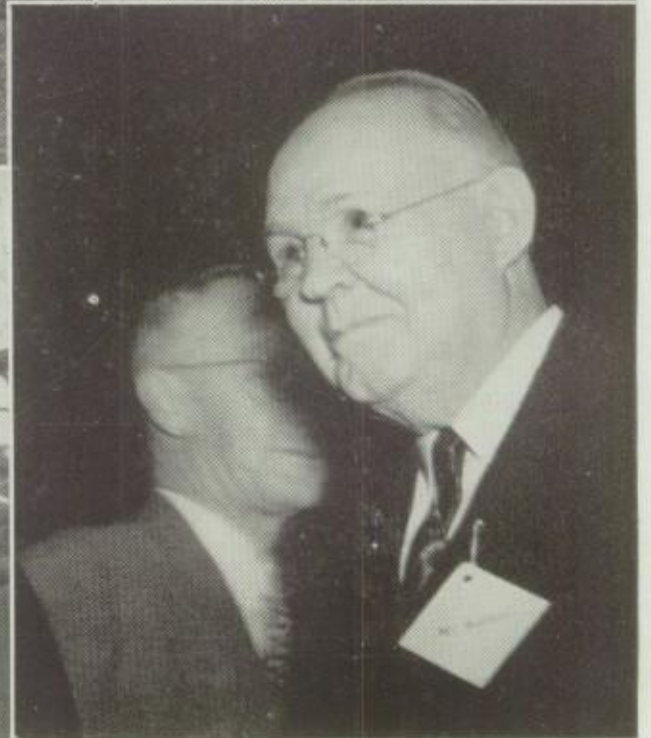

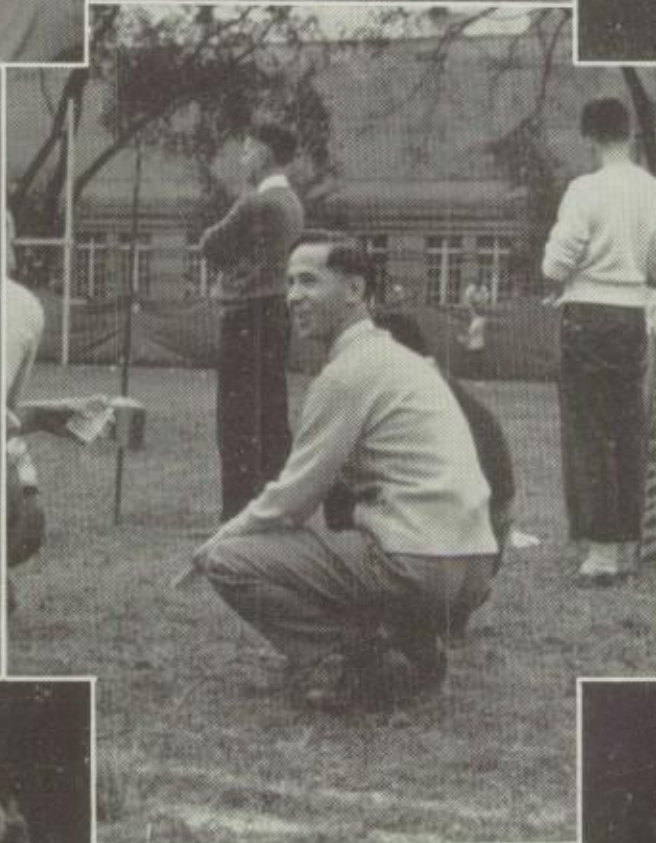

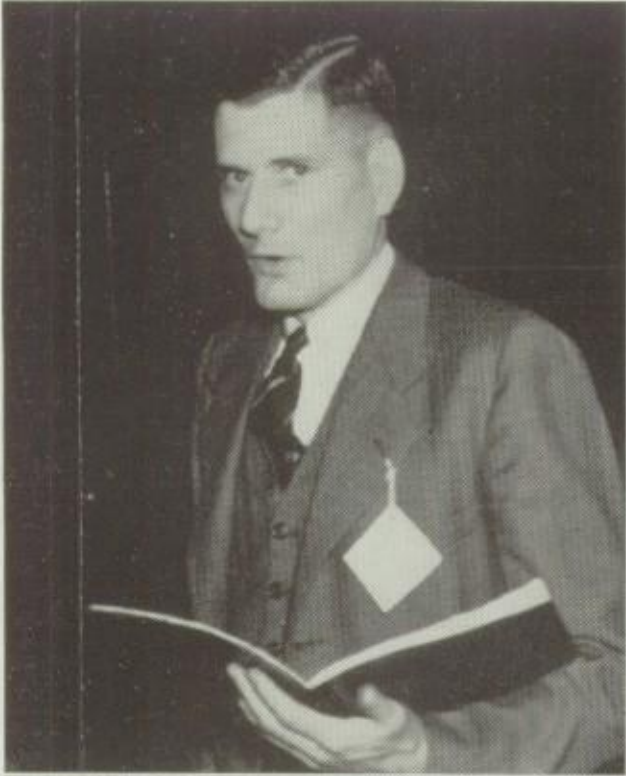

Last semester, the total of the home

room and hall sales was \$9,329.21. The weekly sales from October 6 to January 29 averaged \$848.10. This semester, the girls have pushed even harder toward their goal. The weekly sales have now increased to well over a thousand dollars. The highest sale in one week was \$1,499.90—just 10c short of fifteen hundred dollars. This sale occurred the week of April 27, during the Second War Loan Drive.

A special drive, aiming at "A Jeep a Week," achieved its object for each of six weeks. During this drive, the sales were over \$950 a week. A new drive called "On to Berlin" is underway at the time of this writing.

THE TOLOFF STUDIOS

who made the Senior portraits in this book
wish to thank:

The Faculty for their fine co-operation,

The Engravers for their excellent reproduction of our photographs, and all who have assisted so splendidly in the making of the High School Annual.

Our congratulations to the graduates, and we trust the association of this year may continue happily through the years ahead.

In Peace and in War our banks work for the country's unity—and for its protection; in peace time by speeding the transfer of funds, by concentrating capital where needed, by guiding credit into meritorious ventures; in war time by guiding the country's funds into war bonds and into loans for producing war products. Young men who wish to study and work find an opportunity in banking to serve the country by furthering its financial stability and unity.

HAVE YOU A FUEL OIL PROBLEM

If you have any problems concerning your allotment of Fuel Oil bring them to us, and let us help you solve them. We have a number of experts on duty at all times.

Many of our customers have already taken advantage of this service, and have found it most helpful.

Because of the complexities incident to the rationing of Fuel Oil, Arrow inaugurated this service—you are invited to use it whether you are an Arrow customer or not.

Visit us any time you desire—a friendly welcome awaits you.

17 YEAR OLDS! NOW YOU CAN *FLY* for NAVY

Here are the qualifications necessary for you to obtain the Navy's \$27,000 pilot training education free and to become a member of that picked group who wear the Navy Wings of Gold:

- Seventeen years of age.
- Graduate from high school by June 30, 1943, or already have been graduated.
- Obtain recommendation from high school principal or college head.
- Rank scholastically in the upper half of high school graduating class or, if attending college, maintain a standing in the upper two-thirds of college class.
- Pass regular Naval Aviation Cadet examination.

See Your Principal or College Head Today

Accepted men will not be called for training until they reach their 18th birthday and have been graduated from high school.
